## Tips for Packing Your Suitcase This Summer

1. Remember this order of operations: shirts on the bottom, then dresses (if applicable), then pants.
2. Stack tops unfolded, by placing wrinkle-prone tops toward the bottom of a pile and less easily wrinkled ones toward the top.
3. Fold the sleeves in toward the shirts' torsos.
4. Fold the shirts in half from the bottom. You now have a rectangular bundle of shirts; place it in your suitcase.
5. Drape long dresses in the suitcase so that the ends hang over the sides.
6. Place pants and skirts on a flat surface; fold each in half lengthwise.
7. Stack pants and skirts on top of one another, with easily wrinkled ones on the bottom and sturdier ones, such as jeans, on top. Fold the stack over, so that its length is halved.
8. Place your stack of pants and skirts on top of the dresses, then fold the ends of the dresses over the pants and skirts.
