- Online Service Request System Registration
- Access Card Request
- Parking Permit Request
- Suite Sign Order Form
- Electronic Directory Information
- Floor/Suite Emergency Response Team
- Physically Impaired Individuals
- Designated Relocation Site
- Emergency Procedures Acknowledgement

An Explanation of Forms For Your Move-In

MOVE-IN DAY INFORMATION

This form requests information regarding your move-in day. If there are any changes, please notify our office as soon as possible. We want to ensure that there will be no scheduling conflicts and that all the proper information has been received.

AUTHORIZED INDIVIDUALS & AFTER HOURS EMERGENCY CONTACT LIST

These lists will be used by building management and security in the case of property removal questions, after-hours emergencies or after-hours access into the building. We will only allow the desired action to take place with the approval from an authorized individual.

TENANT ONLINE SERVICE REQUEST REGISTRATION FORM

This form designates persons who are authorized to request services from the management office via our on-line system. The service requestor contacts shall be authorized to incur charges on behalf of the tenant for all building services (other than construction services) and grant access to your suite. We will only accept work orders or requests from the Tenant Authorized Service Requestors noted on this form.

ACCESS CARD REQUEST

At Peakview Tower an access card is issued to each employee for after-hours building access and access into the parking garage. Each form must be signed by an authorized individual. The first access cards are issued free of charge. There is a \$16.00 non-refundable fee for each replacement access card.

PARKING PERMIT REQUEST

At Peakview Tower a parking permit is issued to each employee to designate their vehicle(s) as authorized to park in our lot or garage. There are 3 different kinds of permits – garage roof-top only, surface lot only, and covered. Please refer to your lease for parking allocations and charges. Each form must be signed by the employee and an authorized individual. The first permit is issued free of charge. There is a \$16.00 non-refundable fee for each replacement permit.

SUITE SIGN ORDER

Please fill out the enclosed form with the name of your company as you wish it to be displayed outside your suite door. This form should be filled out as soon as possible so the management office can get your order into the signage company.

ELECTRONIC BUILDING DIRECTORY

Please indicate on the enclosed form exactly how you wish your company name to appear in the directory. This form should be filled out as soon as possible so the management office can get your company name added for visitors.

FLOOR/SUITE EMERGENCY RESPONSE TEAM

This form designates individuals from your staff who will serve as your response team in the event of a building emergency.

MOBILITY IMPAIRED INDIVIDUALS

Please list those individuals who may need assistance in case of fire, earthquake or other emergency.

DESIGNATED RELOCATION SITE

Please designate a relocation site in the event of an emergency that does not allow for assembly on the property.

EMERGENCY PROCEDURES ACKNOWLEDGEMENT

Complete this form to acknowledge receipt of the Emergency Procedures information found in this manual.

III. BUILDING OPERATIONS

III. BUILDING OPERATIONS

BUILDING ACCESS

Access Card Request

At move-in, each employee is required to complete the **Access Card Request Form** so that identification cards for access to the building and after-hours access can be issued for each employee. Any time a new employee is hired, an access card is lost, or the access status of an employee changes, enter a request under "security/access cards" on the online tenant request system and then email or fax the completed form to the management office.

After-Hours Access

An access card will be required in order to enter the building during non-business hours. If an individual requests access to the building or specific suite, the management office or security will notify the after-hours contacts to obtain approval prior to granting any access request.

After-Hours HVAC

Persons seeking after-hours HVAC need to enter the request on the online tenant request system. Your company will be billed accordingly each month.

BUILDING SECURITY

Security Hours

7:00 a.m. - 11:00 p.m. Monday - Friday

8:00 a.m. - 1:00 p.m. Saturday

All security assistance calls or questions should be directed to the online tenant request system or the Management Office at 303-867-3800.

GENERAL SAFETY GUIDELINES

For your safety, your cooperation is asked in observing the following building safety guidelines:

1. Notify the Management Office of loiterers or suspicious persons in corridors or restrooms
2. Turn away all solicitors and report solicitors to the Management Office
3. Always lock your suite when there is no one in the office –even if you have just stepped out for a quick moment
4. Always remember to take your suite keys and building access card with you when you leave
5. Keep corridor doors closed at all times
6. Do not leave personal valuables unguarded in reception areas, on desk tops or in unlocked drawers
7. Refrain from using the stairways when alone except in emergency situations
8. Request a security escort to your car if you leave the building after dark
9. Notify the Police and the Management Office of any crimes

10. Collect keys and building access cards from employees who have resigned or have been terminated from your firm
11. Copy and distribute these general guidelines to your entire office staff

BUILDING MAINTENANCE

Building Engineers are here to maintain building operations and to provide standard building maintenance. A designated office contact should be the person to place all maintenance requests.

Maintenance Requests

Please submit an on-line work request via the online tenant request system. To get usernames and passwords for the tenant request website complete the **Tenant Online Service Request Registration Form** and return it to the Management Office. We will notify you of your user name and password once your account has been set-up.

When requesting Maintenance, please be prepared to provide the following information:

1. Your name, company name and suite number
2. Contact phone number
3. Clearly identify the nature and location of the problem

JANITORIAL SERVICE

Janitorial service is provided Monday through Friday evenings after normal business hours. Routine office cleaning includes vacuuming, dusting and emptying wastebaskets. Service to your suite will commence on the first regular service day after your move-in unless you have requested otherwise.

As a reminder, please do not place any objects near or against trash receptacles if the material is not to be thrown away.

Please note that the janitorial crew will NOT dust any computer equipment, including terminals, hard drives or keyboards; nor will they vacuum or dust near computer cables or wires. This is for your protection to avoid disrupting any sensitive computer equipment.

Special Requests

If you have any special requests or require emergency janitorial assistance, please direct your request to the online tenant request system.

DAYPORTER

Dayporters are on duty Monday through Friday to keep the lobbies, corridors, restrooms and building perimeter clean during working hours. If you observe a janitorial problem in any of these areas or otherwise, please go to the online tenant request system to notify the dayporter.

Recycling and Composting

Waste diversion is one of the most pressing issues of the new decade. The Management Office is eager to ensure that our building occupants do our part to help extend the life of current landfill

areas. With that in mind, we have established a convenient three stream waste program in the building which includes recycling, composting and trash.

Trash and recycling containers are emptied nightly from desks and community containers. Compost bins will be emptied nightly from community containers only. Please use the attached form to order recycling and compost containers.

Our waste diversion program is one of the most comprehensive programs available. Flyers showing what is applicable to each waste stream are included with the container order form at the end of this manual.

PARKING

At move-in, each employee is required to complete and sign the **Parking Permit Request Form** so that the appropriate permit(s) can be issued for each employee. Any time a new employee is hired, a permit is lost, or the status of an employee changes, enter a request under "parking" on the online tenant request system and then email or fax the completed form to the management office.

There are 3 different kinds of permits – garage roof-top only, surface lot only, and covered. Please refer to your lease for parking allocations and charges. Each form must be signed by the employee and an authorized individual.

Peakview Tower parking is managed by ABM Parking – Aimee Trifunic - 303-573-8121

Handicap Spaces

Parking stalls reserved for handicapped individuals are clearly marked. As a reminder, do not park in these spaces unless you have a valid handicapped license.

Visitor Spaces

Parking stalls reserved for visitors to the building are clearly marked and may not be used by tenants for any reason.

Parking Rules & Regulations

Please provide and encourage each of your employees to read the parking rules and regulations that are included with the Parking Permit Request Form. Each employee is required to sign this form stating that they have read and agree to abide by these rules and regulations.

Parking Guidelines & Reminders

To ensure the safety of our and proper use of our parking facilities, please adhere to the following guidelines:

1. Phone the Management Office if you observe any hazards in the parking areas
2. Remember to always lock your vehicle and remove any valuables including cellular phones. GK Peakview Tower LLC, Jones Lang LaSalle, and ABM Parking are not responsible for any damages to or theft from your vehicle
3. Please ask your guests to be considerate of short term parking restrictions

4. Please observe all directional, speed limit and stop signs throughout the parking area
5. Do not park illegally or in fire lanes. Cars parked in these areas are subject to citation and/or towing
6. Overnight parking is not normally permitted. Please notify the ABM Parking if it is necessary to park your car overnight
7. Trailers and towed vehicles are not permitted in the parking areas
8. Handicapped spaces are reserved for disabled persons only. Cars illegally parked in these areas are subject to citation and/or towing
9. All vehicles must be parked in designated stalls and may occupy only one space

IV. BUILDING RULES & REGULATIONS

IV. BUILDING RULES & REGULATIONS

Tenant shall faithfully observe and comply with the following Rules and Regulations:

1. Any sign, lettering, picture, notice, or advertisement installed within the Premises which is visible to the public from within the Building shall be installed at Tenant's cost and in such manner, character and style as Landlord may approve in writing. No sign, lettering, picture, notice or advertisement shall be placed on any outside window or in any position so as to be visible from outside the Building. Tenant shall not place any sign, lettering, picture, notice or advertisement on the exterior of the Premises, Building or Project except in such place as may be designated by Landlord and consented to by Landlord in writing. All lettering and graphics on corridor doors shall conform to the Building Standard prescribed by Landlord.

2. The sidewalks, walks, plaza entries, corridors, concourses, ramps, staircases, escalators and elevators of the Building shall not be obstructed or used by Tenant, or the employees, agents, servants, visitors or licensees of Tenant for any purpose other than ingress and egress to and from the Premises. No bicycle or motorcycle shall be brought into the Building or kept on the Premises without the prior written consent of Landlord.

3. Tenant, its subtenants and its and their customers, invitees, licensees, and guests:

(a) shall not make noises, cause disturbances, create vibrations, odors or noxious fumes or use or operate any electrical or electronic devices or other devices that emit sound waves or are dangerous to other tenants and occupants of the Building or that would interfere with the operation of any device or equipment or radio or television broadcasting or reception from or within the Building or elsewhere, and shall not place or install any projections, antennae, aerials or similar devices inside or outside of the Premises;

(b) shall not place objects against glass partitions or doors or windows or adjacent to any open common space which would be unsightly from the Building corridors or from the exterior of the Building, and will promptly remove the same upon notice from Landlord;

(c) shall not waste, and shall not suffer or permit to be wasted, electricity or water and shall cooperate fully with Landlord to assure the most effective operation of the Building's heating and air conditioning;

(d) shall neither install nor operate machinery or any mechanical devices of a nature not directly related to Tenant's ordinary use of the Premises without the written permission of the Landlord;

(e) shall not use rest rooms or water fixtures for any purpose other than that for which they are designed;

(f) shall not mark upon, paint, cut, drill into, drive nails or screws into, or in any way deface the walls, ceiling partitions or floors of the Premises or of the Building;

(g) shall not unduly obstruct any pipes, conduits and ducts in the Premises; and

(h) shall use chair pads, to be furnished by Tenant, under all rolling and ordinary desk chairs in carpeted areas.

4. Only persons authorized by Landlord will be permitted to furnish newspapers, ice, drinking water, towels, barbering, shoe shining, janitorial services, floor polishing and other similar services and concessions to Tenant, and only at hours and under regulations fixed by Landlord.

5. Canvassing, soliciting or peddling in the Building and/or Building is prohibited, and Tenant shall cooperate to prevent same.

6. Tenant shall not do any cooking (other than warming in a microwave oven) or conduct any restaurant, luncheonette, automat or cafeteria for the sale or service of food or beverages to its employees or to others, or permit the delivery of any food or beverage to the Premises, except by such persons delivering the same as shall be approved by Landlord and only under regulations fixed by Landlord. Tenant may, however, operate a coffee bar by and for its employees.

7. No birds, fish tanks, or animals, except service animals, are allowed in the Building.

8. No additional locks or bolts of any kind shall be placed on any door in the Building or the Premises and no lock on any door therein shall be changed or altered in any respect. Landlord shall furnish two keys for each lock on exterior doors to the Premises and shall, on Tenant's request and at Tenant's expense, provide additional duplicate keys. Tenant shall not make duplicate keys. All keys shall be returned to Landlord upon the termination of this Lease, and Tenant shall give to Landlord explanations of the combinations of all safes, vaults and combination locks remaining with the Premises. Landlord may at all times keep a pass key to the Premises. All entrance doors to the Premises shall be left closed at all times and left locked when the Premises are not in use. Landlord agrees to furnish to Tenant, at Landlord's expense, 2 CardKeys for access to the Building during such times as the Building is not open to the public. Upon written request from Tenant, or other parties authorized by Tenant, Landlord will furnish additional CardKeys to Tenant at Tenant's expense. Should any CardKeys be lost or stolen, Tenant will immediately notify Landlord and Landlord will issue replacement CardKeys with a different computer code number. Such replacement CardKeys will be at Tenant's expense.

9. Tenant shall not bring or permit to be brought or kept in or on the Premises or Building any inflammable, combustible, corrosive, caustic, poisonous, or explosive substance, or cause or permit any odors to permeate in or emanate from the Premises, or permit or suffer the Premises to be occupied or used in a manner offensive or objectionable to Landlord or other occupants of the Building by reason of light, radiation, magnetism, noise, odors and/or vibrations, or interfere in any way with other tenants or those having business in the Building.

10. Tenant shall use no other method of heating or cooling, including, without limitation, space heaters or fans, than that supplied by Landlord.

11. No freight, furniture or bulky matter of any description will be received into the Building or carried into the elevators except in such a manner, during such hours and using such elevators and passageways as may be approved by Landlord, and then only upon having been scheduled in advance. Any hand trucks, carryalls, or similar equipment used for the delivery or receipt of merchandise or equipment shall be equipped with rubber tires, side guards and such other safeguards as Landlord shall require.

12. Smoking of any kind (cigarette, pipe, marijuana, etc.) shall not be permitted in any areas of the Project, Premises, or the Building (including but not limited to the parking garage, stairwells, elevator lobbies, elevators, public corridors and restrooms), or within any other area

not specifically designated as a smoking area by Landlord. Notwithstanding the foregoing, the smoking and use of marijuana is prohibited at all times and in all areas of the Project, Premises and Building (including but not limited to the parking garage, stairwells, elevator lobbies, elevators, public corridors and restrooms). Tenant hereby agrees that violation of this smoking prohibition by Tenant, Tenant's employees, agents, visitors or invitees (individually and collectively, "Tenant Party") shall be subject to a fine in the amount of One Hundred and No/100 Dollars (\$100.00) for the first violation by a Tenant Party and Two Hundred Fifty and No/100 Dollars for each subsequent violation by a Tenant Party, whether or not the violation involves the same Tenant Party or a different Tenant Party. Repeated violations of this rule shall, at Landlord's discretion, constitute a default under this Lease.

13. No window shades, blinds, screens, draperies or other window coverings will be attached or detached by Tenant without Landlord's prior written consent. Tenant agrees to abide by Landlord's rules with respect to maintaining uniform curtain, draperies and/or linings at all windows and hallways.

14. Landlord shall have the right to exclude any person from the Building other than during Business Hours, and any person in the Building will be subject to identification by employees and agents of Landlord. All persons in or entering the Building shall be required to comply with the security policies of the Building. If Tenant desires any additional security service for the Premises, Tenant shall have the right (with the advance written consent of Landlord) to obtain such additional service at Tenant's sole cost and expense. Tenant shall keep doors to unattended areas locked and shall otherwise exercise reasonable precautions to protect property from theft, loss or damage. Landlord shall not be responsible for the theft, loss or damage of any property or for any error with regard to the exclusion from or admission to the Building of any person. In case of invasion, mob, riot or public excitement, Landlord reserves the right to prevent access to the Building during the continuance of same by closing the doors or taking other measures for the safety of the tenants and protection of the Building and property or persons therein.

15. Only workmen employed, designated or approved by Landlord may be employed for repairs, installations, alterations, painting, material moving and other similar work that may be done in or on the Premises. Tenant will refer all contractors, contractor's representatives and installation technicians rendering any service on or to the Premises for Tenant to Landlord for Landlord's approval and supervision before performance of any contractual service. This provision shall apply to all work performed in the Building including installation of cabling, telephones, computer equipment, electrical devices and attachments and installations of any nature affecting floors, walls, woodwork, trim, windows, ceilings equipment or any other physical portion of the Building.

16. Tenant shall give notice to Landlord, as soon as reasonably practicable, in case of theft, unauthorized solicitation or accident in the Premises or in the Building or of defects therein or in any fixtures or equipment, or of any known emergency in the Building.

17. The requirements of Tenant will be attended to only upon application of Landlord in the Building or at such other address as may be designated by Landlord in the Lease. Employees of Landlord shall not perform any work or do anything outside of their regular duties, unless under special instructions from the office of Landlord.

18. Landlord reserves the right to exclude or expel from the Building any person who, in the judgment of Landlord, is intoxicated or under the influence of liquor or drugs, or who shall in any manner do any act in violation of any of the Rules and Regulations of the Building.

19. Tenant, its employees, agents, contractors, and invitees will comply with the rules and regulations, including smoking areas, of the Association regarding the use and occupancy of the common areas of the Building.

20. The "UPS/Battery Backup System Rules and Regulations" attached hereto are incorporated in these Rules and Regulations.

21. Tenant and its agents, employees and invitees shall observe and comply with the driving and parking signs for the Building.

22. Landlord reserves the right to modify and make such other and further reasonable rules and regulations as in its judgment may, from time to time, be needful and desirable for the safety, security, care and cleanliness of the Premises and preservation of good order therein.

VI. EMERGENCY PROCEDURES

OVERVIEW

The Ownership and Management of Peakview Tower take Fire and Life Safety very seriously. Our objective is to provide our tenants with a safe and comfortable working environment. With this in mind, this Emergency Procedures Manual was developed.

While the Fire and Life Safety Systems in the building are engineered to ensure the safety of all occupants in the building in the event of a fire, it is important that all individuals working in the building understand the building's emergency procedures. However, each emergency is unique and sometimes the recommended procedures may not be suitable for all conditions that arise. Therefore, common sense should always be the primary element of any emergency procedure.

Please take the time to familiarize your entire staff with these procedures. A coordinated effort from Building Management, Floor/Suite Wardens, tenants, and Emergency Personnel is vital to the success of any emergency plan. If you have any questions regarding these procedures or any of the Fire and Life Safety systems in place at Peakview Tower, please contact the Management Office at (303) 867-3800.

EMERGENCY RESPONSE TEAM

At the time of move-in, each tenant is asked to complete the **Emergency Response Team Form** designating personnel that will be responsible for taking charge in the event of an emergency. It is up to each tenant to assure that this form is updated when designated personnel leave employment of the firm or for other reasons are no longer able to perform the outlined duties of emergency personnel.

While the Management Office may periodically host Emergency Response Team training, the general responsibilities are outlined here. It is the responsibility of all Emergency Response Team personnel to familiarize themselves with these guidelines as well as all of the building's Emergency Procedures.

Emergency Response Team positions:

- **Floor Warden or Suite Monitor**
- **Runner**
- **Assistant to the Mobility Impaired**

Each member of the building's Emergency Response Team acts as a link between the Building Management and their respective employees and they have an extremely important job to perform in the event of an emergency.

FLOOR/SUITE WARDEN RESPONSIBILITIES

- Appoints personnel to the emergency team, fills all vacant positions and maintains an updated roster of Floor Response Team personnel
- Maintains an up-to-date list of mobility impaired employees
- Keeps Management Office updated on any changes in Floor Response Team personnel and mobility impaired employees
- Alerts Floor Response Team designees of potential emergencies
- Responsible for informing and training Floor Response Team in emergency procedures
- Ensures that Floor Response Team know their assigned duties and locations in case of an emergency
- Pre-plans the handling of mobility impaired personnel during evacuation
- Responsible for the evacuation of Floor Response Team

RUNNER

- Under the supervision of the Floor/Suite Warden, the Runner is responsible for notifying the Building Management Team stationed at the Command Post of any personnel that are not accounted for after an evacuation.
- Stays at the Command Post to wait for authorization to re-enter the building or other instruction that may come from the Fire Department.
- Informs Floor/Suite Warden, when this authorization or further instruction is given.

ASSISTANT TO THE MOBILITY IMPAIRED

- Under the supervision of the Floor/Suite Warden, the Assistant to the Mobility Impaired is responsible for the safe evacuation of any mobility impaired personnel.
- Moves all wheelchair bound personnel to the stairwell area and waits with them until emergency personnel arrive.

FIRE

IF A FIRE IS DISCOVERED INSIDE YOUR SUITE

1. Advise others and move everyone away from the fire.
2. Confine the fire by closing all doors in the area.
3. Notify the Fire Department (911) and provide the following information:
 - Building Name: **Peakview Tower**
 - Building Address : **6465 S. Greenwood Plaza Blvd**
 - Nearest Cross Street: **Greenwood Plaza Blvd & East Peakview Ave**
 - Suite number or exact location of fire
 - Your call back number

NOTE: Do not hang up until the Emergency Operator does so.
4. Call the Management Office and give your, floor and suite number.
5. Attempt to extinguish the fire only under the following conditions:
 - The fire is small and can easily be extinguished.
 - You are familiar with the operation of an extinguisher and it can be done safely.
 - You have someone with you.
 - You have your back facing an exit.
6. Proceed to the nearest exit to evacuate. Exit via stairwells; do not use the elevators.

7. Once outside the building, move to a safe refuge area away from the building and Fire Department operations.

IF A FIRE IS DISCOVERED OUTSIDE OF YOUR SUITE

If you are in your suite, smoke or heat is evident in the corridor, and you are not able to exit, proceed as follows:

1. Call 911 and provide the following information:
 - Building Name: **Peakview Tower**
 - Building Address : **6465 S. Greenwood Plaza Blvd**
 - Nearest Cross Street: **Greenwood Plaza Blvd & East Peakview Ave**
 - Suite number or exact location of fire
 - Your call back number
- NOTE: Do not hang up until the Emergency Operator does so.
2. Call the Management Office and give your, floor and suite number.
 3. FEEL THE DOOR. If it is hot or warm, DO NOT OPEN IT!
 4. CLOSE AS MANY DOORS AS POSSIBLE BETWEEN YOU AND THE FIRE.
 5. IF SMOKE ENTERS YOUR SUITE FROM BENEATH THE DOOR, seal the area with a fire blanket, wet towel or other mist material.
 6. IF SMOKE IN YOUR SUITE BECOMES UNBEARABLE, break a window for additional oxygen.
 7. IF YOUR TELEPHONE STOPS WORKING, display brightly colored material from the window. Wave it to make it more visible to rescuers.
 8. DO NOT JUMP!

FIRE SAFETY REMINDERS

1. Post Emergency Phone Numbers for all employees.
2. Make sure all employees are aware of the location of fire extinguishers and are familiar with how an extinguisher operates.
3. In a fire or other emergency, follow the instruction of your designated Floor/Suite Warden and other Emergency Personnel.
4. Never use the elevators.
5. While it is usually advised to go downward in a building during a fire, there are occasions when it may be necessary to go to an upper floor or the roof. For example, if smoke enters the stairwell, you may be driven upwards toward cleaner air.
6. If you encounter smoke, get down on your hands and knees. Air is cleaner and cooler near the floor. Crawl to the nearest stairwell and exit if it is safe to do so.
7. Few people are burned to death in fires. Most fire-related deaths are the result of smoke inhalation, poisonous gas or panic. Panic can be avoided by being well prepared for an emergency. Learn all the emergency procedures as if they were second nature.

FIRE PREVENTION TIPS

1. Replace any electrical cord that has cracked insulation or a broken connector.
2. Do not pinch electrical cords under or behind furniture.
3. Do not run electrical extension cords under chair mats or across doorways where they can be stepped on or chaffed.
4. Leave space for air to circulate around heaters and other heat-producing equipment such as copiers and computer terminals.

5. Turn off or unplug all appliances, such as coffee makers, at the end of each workday.
6. Keep exits, storage areas and stairways free from waste paper, empty boxes, dirty rags and other fire hazards.
7. Know the locations of fire extinguishers in the building and your work area.
8. Remove trash on a regular basis.
9. Close all doors after working hours.
10. Discard all flammable liquids.
11. Observe the building's NO SMOKING policies. Never throw matches or cigarette butts into waste containers (inside or outside of building).

FIRE EXTINGUISHER LOCATION & BASIC OPERATION

There are two (2) fire extinguishers on each floor located near each stairwell entrance. All extinguishers in the buildings may be used on fires originating from wood, paper, plastic, grease, oil and electricity.

Operating A Fire Extinguisher:

- Pull open the cabinet and remove fire extinguisher.
- Remember the "P-A-S-S" method for effective fire extinguisher use:

P – Pull the safety pin. This is usually the pin with a string attached.

A – Aim the hose, nozzle or horn at the base of the fire.

S – Squeeze the trigger handle

S – Sweep from side to side and watch for the re-flash of the fire.

EVACUATION

In the event of an emergency, it may become necessary to evacuate the office building. All Floor Response Team personnel as well as general personnel should be completely familiar with the following evacuation procedures.

- In an emergency situation evacuate the building.
- Do not exit via the elevators.
- Exit via stairwells.
- Familiarize yourself with the location of all stairwell exits; in the event a stairwell is blocked, proceed to an alternate stairwell.
- Use safe stairwell exit procedures including:
 - Remain calm and quiet
 - Remove high heeled shoes
 - Use hand rails
 - Move quickly, but do not run
 - Assist those who may have trouble on the stairs or who have been injured
 - Treat injuries on stairwell landings only and only when safe to do so

POWER FAILURE

In the event of a power failure **Peakview Tower** is equipped with emergency systems which will provide power for emergency lighting, selected elevator service, life and safety security systems.

If you experience loss of power in your suite, immediately contact the Management Office. An engineer will be dispatched to assist in restoring power. If the entire building is affected, the Electric Utility Company will be contacted for assistance and building personnel will keep all tenants advised.

Here is a list of items that all tenants should keep on hand for an emergency of any kind causes the loss of power:

- ❑ **Emergency Lighting** – flashlights, flares, light sticks.
- ❑ **Batteries** – keep a fresh supply
- ❑ **Blankets** – lightweight fire and shock retardant emergency blankets.
- ❑ **Radios** – portable transistor radios with extra batteries and two-way radios

CIVIL DISTURBANCES

Although riots and civil disturbances are rare, there is still a need for a planned course of action in the event a civil disturbance erupts. Should a disturbance start outside the building, the Management Office will:

- Secure all building entrances.
- Notify the police.
- Notify the tenants.

In the event that a civil disturbance initiates inside the building:

- Make sure all occupants are in your office and lock your suite doors including the main entrance.
- Immediately notify the Management Office and provide the following information:
 - Exact location of the disturbance, demonstrators and/or rioters
 - Approximate number of demonstrators or rioters
 - Your name, company name and call back number

EXPLOSIONS

If an explosion occurs, please adhere to the following procedures:

1. Call 911 and provide the following information:
 - Building Name: **Peakview Tower**
 - Building Address : **6465 S. Greenwood Plaza Blvd**
 - Nearest Cross Street: **Greenwood Plaza Blvd & East Peakview Ave**
 - Suite number or exact location of explosion
 - Your call back number

NOTE: Do not hang up until the Emergency Operator does so.
2. IMMEDIATELY report the explosion to the Management Office. Remain calm and provide the following information:
 - Your name, location (building and suite number) and phone number
 - Your company name
 - Exact location of explosion
 - Cause (if known) of explosion
 - Extent of casualties, and number and type of injuries
 - Whether explosion caused fire and if so, location of fire
3. Evacuate all persons from the area if necessary.

MEDICAL EMERGENCIES

Should a medical emergency situation develop which requires immediate intervention by trained personnel, proceed as follows:

1. Call 911. Reassure the injured person that help is on the way. Remain calm and provide the following information:
 - Nature of medical emergency.
 - Building Name: **Peakview Tower**
 - Building Address : **6465 S. Greenwood Plaza Blvd**
 - Nearest Cross Street: **Greenwood Plaza Blvd & East Peakview Ave**
 - Exact location and name of sick or injured person.

NOTE: Do not hang up until the emergency operator does so.
2. Call the Management Office at 303-867-3800
Provide the following information:
 - Your name and company name
 - Nature of medical emergency
 - Exact location and name of sick or injured person
 - Whether or not you have called for trained assistance
 - A number where you can be reached
3. Direct any on-lookers away from the area of the injured person. Clear the area of any objects that might impede the rescue or interfere with emergency personnel.
4. Remain with the victim. DO NOT move the victim unless there is immediate danger of further injury. Keep the victim comfortable and warm.

Designate a responsible person to do the following:

- Wait at the building's main entrance for medical personnel. When they arrive, direct them to the injured person.
- Whenever possible, have an elevator standing by for the rescue team.

TORNADOS

Tornado Preparedness

The following **SUPPLIES** will be necessary to protect and sustain your employees in the event that a tornado leaves you temporarily stranded in the office building:

- Food** – stock your office with non-perishable and easy-to-store food products such as dehydrated foods and food bars.
- Water** – keep at least a three-day supply of purified water. It is recommended that you stock two quarts of water per day, per employee.
- Emergency Lighting** – flashlights, flares, light sticks.
- Batteries** – keep a fresh supply
- Medical** – keep a well-stocked First Aid Kit. Choose kits designed to treat tornado related injuries such as heavy bleeding, shock and broken bones.
- Blankets** – lightweight fire and shock retardant emergency blankets.
- Radios** – portable transistor radios with extra batteries and two-way radios.
- Fire Extinguisher**

- ❑ **Medications** – persons on medication should keep a 72-hour supply in their desk.

Additional Supplies to Consider

- ❑ Heavy work gloves
- ❑ Catalytic heater
- ❑ Chemical toilets, waste bags, lime
- ❑ Hard Hats & Goggles
- ❑ Dust masks
- ❑ Water purification tablets
- ❑ Work shoes
- ❑ Eating utensils
- ❑ Sleeping bags & Cots
- ❑ Generator
- ❑ Portable stove
- ❑ Pre-moistened towelettes
- ❑ Shovels, crowbars
- ❑ Instant ice pack

There are two designations placed on a Tornado: a **WATCH** and a **WARNING**. A Tornado **WATCH** indicates weather conditions are right for a tornado. A Tornado **WARNING** indicates that a tornado has been sighted in the immediate area.

IN THE EVENT OF A TORNADO WATCH

1. Whoever is made aware of the threatening weather should notify the designated Floor/Suite Warden and the Management Office.
2. Floor/Suite Warden should alert all staff of the watch.
3. Once you have been notified of the watch, please do the following:
 - Immediately close the blinds in your office.
 - Once this is accomplished, stay away from the windows.
 - Remain at your normal work station.
 - Tune in any battery operated radios to a station with weather updates.
 - If possible, you should remain in the building until the weather has cleared.

IN THE EVENT OF A TORNADO WARNING

1. Whoever is made aware of the threatening weather should notify the designated Floor/Suite Warden and the Management Office.
2. Move away from the perimeter of the building (windowed areas) toward the center of the building and close the doors behind you.
3. Floor/Suite Wardens will direct you towards corridors, stairwells and elevator lobbies.
4. Do not exit these designated areas or use elevators.
5. Protect yourself by placing your head close to your knees and covering your neck with your hands.
6. If you cannot reach a corridor or lobby in time, the next safest place is under a desk, table or chair.
7. Remain in the designated area until an announcement has been made by designated emergency personnel or building management that it is safe to return to your work station.
8. If anyone has been injured, designated emergency personnel should assist where possible and follow the Medical Emergency Procedures outlined in this Manual.
9. If any portion of your offices or surrounding building areas have been damaged, please notify building management immediately.

EARTHQUAKES

Earthquake Preparedness

While the office building is structurally designed to minimize earthquake damage, it is wise for all occupants to be well prepared as well as keenly aware of the earthquake emergency procedures.

The following **SUPPLIES** will be necessary to protect and sustain your employees in the event of an earthquake:

- Food** – stock your office with non-perishable and easy-to-store food products such as dehydrated foods and food bars.
- Water** – keep at least a three-day supply of purified water. It is recommended that you stock two quarts of water per day, per employee.
- Emergency Lighting** – flashlights, flares, light sticks.
- Batteries** – keep a fresh supply
- Medical** – keep a well-stocked First Aid Kit. Choose kits designed to treat earthquake related injuries such as heavy bleeding, shock and broken bones.
- Blankets** – lightweight fire and shock retardant emergency blankets.
- Radios** – portable transistor radios with extra batteries and two-way radios.
- Fire Extinguisher**
- Medications** – persons on medication should keep a 72-hour supply in their desk.

During An Earthquake

While Earthquake Emergency Procedures are similar to those of a fire, one specific difference should be communicated to all building occupants: Evacuation during fire is highly probable, whereas **EVACUATION DURING AN EARTHQUAKE IS NOT PROBABLE.**

Please adhere to the following safety procedures during an earthquake:

1. Take shelter away from windows and seek protection under tables, desks, or other objects that offer shelter from flying glass and debris.
2. Do not leave the sheltered area or exit the building until the quake is over. Seek safety where you are and leave calmly afterward if evacuation is necessary.
3. Do not dash for exits – stairwells may be unsafe.
4. Never attempt to use elevators during an earthquake. Afterwards, do not use elevators until they are checked for safety.
5. Stay clear of bookcases, file cabinets, windows and other heavy objects.
6. Turn off electrical equipment. Do not be surprised if electricity goes off or alarm systems are activated.
7. Do not smoke or use matches in case of gas leaks. If power fails, use battery operated lights.

If You Are Outside of the Building When An Earthquake Occurs

1. Move away from buildings, utility wires and poles, debris and areas subject to falling glass.
2. If you are unable to reach a clear area, stand in a doorway or archway.
3. If threatened by falling debris, cover face with one forearm and the back of the head with the other.
4. The most dangerous place to be is on a sidewalk subject to falling debris such as glass and masonry.

After an Earthquake

1. Check for injured persons. DO NOT attempt to move a seriously injured person unless they are in immediate danger.
2. DO NOT use matches, candles or other open flames.
3. DO NOT turn on electrical switches or appliances.
4. Inspect your area for damage. Check for fire. Check utilities for gas and water leaks or electrical shorts. Stay clear of wires that are shorting out.
5. If you smell gas evacuate the building if possible and report the leak to the Fire Department first, if possible, and then Building Management.
6. Replace telephone receivers to restore communications. However, do not use telephones, except to reach Management Office or the Fire Department.
7. Listen to the radio for emergency reports.
8. DO NOT spread false rumors regarding the condition of the building or anything else that may cause panic.
9. Cooperate with Management personnel and Fire Department representatives.
10. Be prepared and stay alert for aftershocks.

HURRICANES

Hurricane Preparedness

The following **SUPPLIES** will be necessary to protect and sustain your employees in the event that a hurricane leaves you temporarily stranded in the office building:

- Food** – stock your office with non-perishable and easy-to-store food products such as dehydrated foods and food bars.
- Water** – keep at least a three-day supply of purified water. It is recommended that you stock two quarts of water per day, per employee.
- Emergency Lighting** – flashlights, flares, light sticks.
- Batteries** – keep a fresh supply
- Medical** – keep a well-stocked First Aid Kit. Choose kits designed to treat hurricane related injuries such as heavy bleeding, shock and broken bones.
- Blankets** – lightweight fire and shock retardant emergency blankets.
- Radios** – portable transistor radios with extra batteries and two-way radios.
- Fire Extinguisher**
- Medications** – persons on medication should keep a 72-hour supply in their desk.

Additional Supplies to Consider

- Heavy work gloves
- Catalytic heater
- Chemical toilets, waste bags, lime
- Hard Hats & Goggles
- Dust masks
- Water purification tablets
- Work shoes
- Eating utensils
- Sleeping bags & Cots
- Generator
- Portable stove
- Pre-moistened towelettes

- ❑ Shovels, crowbars
- ❑ Instant ice pack

There are two designations placed on a Hurricane: a **WATCH** and a **WARNING**. A Hurricane **WATCH** indicates weather conditions are right for a hurricane. A Hurricane **WARNING** indicates that a hurricane has been sighted in the immediate area.

IN THE EVENT OF A HURRICANE WATCH

1. Whoever is made aware of the threatening weather should notify the, designated Floor/Suite Warden and the Management Office.
2. Floor Warden or office managers should alert all staff of the watch.
3. Once you have been notified of the watch, please do the following:
 - Immediately close the blinds in your office
 - Once this is accomplished, stay away from the windows
 - Remain at your normal work station
 - Tune in any battery operated radios to a station with weather updates
 - If possible, you should remain in the building until the weather has cleared

IN THE EVENT OF A HURRICANE WARNING

1. Move away from the perimeter of the building (windowed areas) toward the center of the building and close the doors behind you.
2. Floor Wardens will direct you towards corridors, stairwells and elevator lobbies.
3. Do not exit these designated areas or use elevators.
4. Protect yourself by placing your head close to your knees and covering your neck with your hands.
5. If you cannot reach a corridor or lobby in time, the next safest place is under a desk, table or chair.
6. Remain in the designated area until an announcement has been made by designated emergency personnel or building management that it is safe to return to your work station.
7. If anyone has been injured, designated emergency personnel should assist where possible and follow the Medical Emergency Procedures outlined in this Manual.
8. If any portion of your offices or surrounding building areas have been damaged, please notify building management immediately.

BOMB THREATS

Bomb threats should always be taken seriously. Do not assume that a bomb threat is a prank call or that they are only made to the Management Office. Anyone can receive a bomb threat and all building occupants should be prepared.

Telephone Bomb Threats

1. The person receiving the call should try to get as much information as possible from the caller and should **WRITE OUT THE MESSAGE EXACTLY AS RECEIVED FROM THE CALLER**.
2. **LISTEN CAREFULLY**. You may be able to help authorities identify the caller, his location, or the location of the explosive by his comments, vocal characteristics and any background noise.
3. Keep the caller on the phone for as long as possible. Ask the caller to repeat the message. Obtain as much information from the caller as possible such as location of bomb, time of

detonation, appearance of bomb, and callers' reason for planting the bomb (please see the **Bomb Threat Questionnaire** found in this manual).

4. Remind the caller that the building is occupied and that the bomb might cause the deaths of innocent people.
5. Once the caller has hung up, immediately call 911 then contact the Management Office at 303-867-3800 and provide the following information:
 - Your name
 - Your location (building and suite number)
 - Your phone number
 - Name of any other person who heard the threat
 - Name of any employee threatened by the caller and his/her work location
 - Time the bomb is to detonate if known
 - Location and description of the bomb if known
 - Any reason given for planting the bomb
 - Any other information received from the bomb threat perpetrator
6. Complete the Bomb Threat Questionnaire and provide it to emergency and management personnel as soon as possible after the call was received.

Written Bomb Threats

Upon receipt of a written bomb threat:

1. Immediately call 911 then notify the Management Office
2. Do not destroy the note
3. Do not let others handle the note
4. Turn the note over to building management or emergency personnel

Personal Receipt Of Bomb Threats

When a bomb threat is directed to a specific individual, he/she should immediately search his/her own workstation or office for unidentifiable or suspicious items. Please remember the following:

- Look for anything out of the ordinary or out of place.
- Look high and low – not just at eye level.
- Methodically search from one end of your work area to the other.

Searching Your Suite For A Suspected Bomb

Once a telephone or written bomb threat has been reported to the Management Office, occupants should search their suites for any suspicious packages. Here are some search guidelines:

- Do not rely on random searches in logical places.
- Explosives are concealed most easily in areas that have the easiest access
- Be aware of out of the ordinary articles that are foreign to the area.
- The bomb is likely to be packaged in a common container such as a shoe box, cigar box, a book, a grocery bag, an athletic bag, and airline bag, a suitcase or briefcase.

- Anything that does not belong, such as a book in the restroom, should be considered a suspicious object.
- When searching individual rooms/offices, start at the outside walls and move towards the center of the room.

NOTE: If a suspicious object is found, **DO NOT TOUCH IT**. Report the finding immediately to your designated emergency personnel and to building management.

Suspicious Packages

Upon the delivery of all packages always be aware and:

- Do not accept the contents of any container as bona fide simply because it was delivered in a routine manner.
- Do not assume that container marking and/or appearance is sole evidence of its content, identification or legitimacy.
- Be aware of packages with incorrect titles or those marked "Confidential" or "Personal".
- Do not open any suspicious package. Do not cut any cord, rope or wire on a suspicious package.

Be aware of the following signs that a package may include a bomb:

- Excessive postage
- No return address
- Excessive weight
- Incorrect titles
- Restrictive markings (such as "Confidential" or "Personal")
- Oily stains or discoloration

Upon Receipt Of A Suspicious Package

1. Do not allow anyone to handle the package.
2. Immediately call 911 then contact the Management Office

SUSPECTED BOMB SAFETY PRECAUTIONS

The following safety precautions will acquaint all occupants with the dangers inherent in a bomb threat, bomb search, discovery and handling of all suspected bombs, or if you have any other reason to suspect a bomb is in the building.

While some of the precautions may seem elementary, do not dismiss them as unimportant. Adequate knowledge of these precautions may save your life as well as the lives of other persons working in or visiting the building.

1. If it is suspected that a bomb is in the building:
 - Do not use radio equipment to transmit messages
 - Do not change lighting conditions
 - Remove all flammables
2. Please make only necessary phone calls. Open phone lines are essential to effectively controlling the emergency.
3. If a suspected bomb is identified:
 - Do not touch it

- Do not attempt to move or carry it
 - Remove all flammable from the area
4. During a bomb threat emergency, cooperate with all fire department instructions, including building evacuation.

CHECKLIST FOR BUSINESS SURVIVAL FOLLOWING AN EMERGENCY

Businesses face many hurdles in recovering from emergencies. A key to survival is looking ahead and planning for recovery before an emergency strikes. The following checklist identifies areas that can reduce the impact of an emergency by enabling your company to continue normal business operations.

- Make agreements with vendors and suppliers to assure continued business or identify alternate sources in the event your normal vendors are unable to function after an emergency.
- Develop and maintain inventories for critical supplies, equipment and employee skills.
- Develop a plan for informing clients, the general public and the media about company operations following an emergency.
- Store duplicates of vital company records and important documents off-site.
- Take steps to "emergency proof" your computer facility and equipment.
- Establish contracts with engineers and suppliers to survey damage and perform clean up following an emergency.
- Develop a plan for business restoration including securing alternate work sites for personnel, restoring damaged utility systems, and controlling access to company facilities.
- Develop alternate marketing strategies for your products or for moving into other markets under post earthquake conditions.
- Create post-emergency financing and investment strategies to protect corporate assets.
- Make sure your bank is informed about your disaster contingency planning to assure quick response to your post-emergency needs.
- Review existing inter-company mutual aid agreements to establish what needs might be following an emergency.

PEAKVIEW TOWER | INSURANCE GUIDELINES

The following are insurance guidelines for those that provide services at properties managed by Jones Lang LaSalle.

These are minimum recommended limits:

1. Workers Compensation - Statutory Coverage in accordance with the laws of your state. As the laws vary, it is important to know what the requirements in your state are. For instance, Workers' Compensation is not required in Texas, and in Illinois, Workers' Compensation is not required if you have less than three employees. In these situations, we suggest that rather than using the statutory limits, a minimum \$1,000,000 per occurrence.
2. Employers Liability - With limits of not less than \$1,000,000 each accident/occurrence, \$1,000,000 each employee/disease, \$1,000,000 disease/policy limit.
3. General Liability - Bodily injury and property damage in an amount not less than \$1,000,000 per occurrence and \$2,000,000 aggregate. This can be made up through primary coverage or a combination of primary and umbrella.
4. Automobile Liability - including owned, non-owned, leased and hired car coverage, providing primary (and not contributing) coverage, and containing cross-liability and severability of interest clauses- \$1,000,000 combined single limit per occurrence. This can be made up through primary coverage or a combination of primary and umbrella.
5. Fire Legal Liability - limit of at least \$100,000.

All of the above insurance policies must be placed with insurance companies reasonably acceptable to Owner and must be endorsed to require 30 days' written notice to Owner prior to any cancellation or material changes in coverage. Prior to the commencement of any the work, Contractor will deliver to Owner original certificates of insurance evidencing the insurance coverage required above. Contractor shall obtain certificates or evidence of similar insurance from each of Contractor's subcontractors before their work commences and deliver such certificates or evidence to Owner. Each subcontractor must be covered by insurance of the same character and in the same amount as specified for Contractor above, except that so long as Contractor's builders risk policy covers all of the work, no subcontractor will be required to maintain builders risk Contractor and Owner may agree to lesser limits in writing because of the nature of the particular subcontract work.

Hold Harmless The certificates of liability insurance shall state that the policy insures the Owner and Manager against liability for all claims arising out of or in connection with work to be performed by the Contractor, and the policy insures the performance of the Contractor's obligation to indemnify and to hold the Owner and Manager free and harmless from liability for injury to persons or damages to property.

Waiver of Subrogation Each policy, including any umbrella or excess policies, will contain waivers of right of subrogation in favor of Owner and Manager as only relates to liability arising out of Contractor's obligations.

PEAKVIEW TOWER
Parking Rules & Regulations

1. General. These Parking Rules & Regulations ("**Rules**") are established by Owner to facilitate a program of safe and efficient parking within the garage facility, parking areas or lots ("**Parking Facility**") serving Peakview Tower ("**Building**") for the benefit of all authorized users of the facility ("**Authorized Parkers**").

2. Parking Access Instruments.

(a) Registration. All Authorized Parkers will be issued Parking Permits ("**Permits**"), Hang Tags ("**Hang Tags**") and/or Access Cards ("**Access Cards**"), referred to collectively in these Rules as **Access Instruments**. Hang Tags may be issued to permit parking either monthly or on a daily basis. Permits will be issued to permit parking monthly only. All Access Instruments (i) are the property of GK Peakview Tower, LLC ("**Owner**"), (ii) must be returned to ABM Parking Services ("**Parking Services Coordinator**") when parking privileges terminate, and (iii) may not be transferred by an Authorized Parker to any other person. Access Instruments will not be generic and undistinguishable from one another, but will be differentiated by color, unique serial number, a combination of both, or by other means acceptable to the Owner.

(b) Placement of Access Instruments. Permits must be displayed in the lower left corner of the front windshield of the vehicle in a manner that is clearly visible from outside the vehicle. Hang Tags must be hung from the rearview mirror of the vehicle in a manner that is clearly visible from outside the vehicle.

(c) Lost Or Stolen Parking Access Instruments. A lost or stolen Access Instrument must be reported to Owner immediately. A replacement Access Instrument will be issued for a non-refundable charge of Sixteen and No/100 Dollars (\$16.00). Persons parking in the Parking Facility are advised to keep their vehicles locked to avoid the loss or theft of Access Instruments. Found Access Instruments should be turned in to Parking Services Coordinator.

(d) Forgotten Access Instruments. Any Authorized Parker not in possession of an Access Instrument must notify the Parking Services Coordinator to be considered not in violation of these Rules as established for the facility. ENTRY WILL BE PERMITTED ONLY IF THE AUTHORIZED PARKER IS ABLE TO VERIFY HIS OR HER IDENTITY THE PARKING SERVICES COORDINATOR OF THE PARKING FACILITY. If an Authorized Parker requests entry without an Access Instrument on more than two (2) times in any week or more than four (4) times in any month, the Authorized Parker or his or her employer will be contacted by the Parking Services Coordinator to verify the reason(s) for not using an Access Instrument. If an Authorized Parker is unable to explain satisfactorily why an Access Instrument is not being used for entry, Parking Services Coordinator may suspend the Authorized Parker's parking privileges.

(e) Personal Data Changes. Changes in vehicle, license number, address, telephone number, employer, or other personal information must be reported to the Parking Services Coordinator within five (5) days of the change.

3. Payment of Parking Fees.

(a) Payment Due Dates. All parking fees are payable in advance. Persons purchasing a monthly Access Instrument on or before the fifteenth (15) day of a month must pay for the entire month. Persons purchasing an Access Instrument after the fifteenth (15) day but before the twenty-

fifth (25) day of a month must pay for half a month. Monthly Access Instruments purchased from the twenty-fifth (25) day through the last day of a month receive free parking for the remainder of the month, provided monthly Access Instruments are also purchased for the following month. Hang Tags, if offered, may be purchased at the daily parking rate on the day of use and will be valid only for that day. All existing tenant Access Instrument payments are due on or before the first (1) day of the month. AUTHORIZED PARKERS WILL BE CHARGED A FORTY AND NO/100 Dollars (\$40.00) LATE FEE FOR PAYMENTS NOT RECEIVED BY THE FIFTH (5) DAY OF THE MONTH.

(b) Refunds. Authorized Parkers who cancel their monthly Access Instruments on or before the fifteenth (15) day of a month, will receive a refund for the remaining half of the month. Persons who cancel after the fifteenth (15) day of a month will not receive a refund. ALL CANCELLATIONS MUST BE MADE IN WRITING and will be effective on the later of (i) the date of receipt by the Parking Services Coordinator or (ii) the requested cancellation date. NO CREDIT WILL BE GIVEN FOR CANCELED DAILY PERMITS/HANG TAGS, IF OFFERED, REGARDLESS OF CANCELLATION DATE. No deductions or allowances from the monthly rate will be made for days on which the Parking Facility is not used by an Authorized Parker.

(c) Checks. AUTHORIZED PARKERS WILL BE CHARGED A TWENTY-FIVE AND NO/100 Dollars (\$25.00) SERVICE CHARGE FOR RETURNED CHECKS. Check payment privileges will be terminated upon receipt of a second returned check.

4. Contract Parking Areas.

(a) Controlled Access Areas. "**Controlled Access Areas**" are those portions of the Parking Facilities that have entrances controlled by electronically operated gates. Access to Controlled Access Areas is permitted solely through the use of Access Cards.

(b) Non-Controlled Access Areas. Access to portions of the Parking Facility other than the special areas or zones described below is permitted through displayed Permits or Hang Tags or in any other manner prescribed by Owner.

(c) Authorized Parker acknowledges that Owner does not own the vacant lot located north of the Building and grants no access or other rights to Authorized Parker for use of such area.

5. Special Zones and Areas.

(a) Designation. Special zones or areas include (i) "**No Parking Zones**", which are areas either designated by signage as "No Parking" or areas not specifically designated for parking, (ii) "**Reserved Parking**" spaces which are to be used by only by the Authorized Parkers to whom such spaces are assigned, (iii) "**Handicapped**" or "**Disabled Persons**" spaces which may be used only by persons displaying properly issued special license plates or disabled parking placards, (iv) "**Loading Zones**", (v) "**Visitor Parking**" spaces which are to be used only by visitors, and (vi) "**Compact Car Only**" spaces which are to be used only by vehicles less than 6 feet wide and 16-1/2 feet long.

(b) Specific Rules for Special Zones/Areas.

(i) No vehicle may be left unattended anywhere in the Parking Facility except when properly parked in an appropriately designated parking space.

(ii) Visitor Parking may not be used by Authorized Parkers or by tenants or permanent or temporary tenant employees for daily parking purposes in lieu of authorized contract parking. VIOLATION BY AUTHORIZED PARKERS OR BY TENANTS OR PERMANENT

OR TEMPORARY TENANT EMPLOYEES SHALL BE SUBJECT TO A FINE IN THE AMOUNT OF ONE HUNDRED AND NO/100 DOLLARS **(\$100.00)** FOR THE FIRST VIOLATION AND TWO HUNDRED FIFTY AND NO/100 DOLLARS **(\$250.00)** FOR EACH SUBSEQUENT VIOLATION. Repeat violations (three (3) or more times in any month or five (5) or more times in any twelve (12) month period) may result in the suspension or cancellation of parking privileges indefinitely. Tenants must contact the Parking Services Coordinator to arrange for Tenant's employee parking.

6. Permitted And Restricted Uses.

(a) Parking Facility Hours. The Parking Facility will be open twenty-four (24) hours a day, seven (7) days a week, subject to required maintenance and repairs by Owner and availability due to events scheduled in the Building.

(b) Traffic Rules. All of the traffic rules of the city in which the Building is located will apply to drivers and vehicles while in the Building driveways and Parking Facility. All directional signs and arrows must be observed.

(c) Speed Limit. The maximum speed limit in the Parking Facility is five (5) miles per hour, unless otherwise posted.

(d) Parking In Spaces. Authorized Parkers are entitled to only one parking space per Access Instrument. No vehicles may be parked over parking space lines

(e) Barricades/Flags/Cones. No person may remove, cross over, or go through a barricade, flag line, cone marker or any other parking restriction marker established by Owner.

(f) Motorcycles, Bicycles. Motorcycles may not park in the garage, but may be parked on a surface space with the appropriate Access Instrument which must be used even if they use space not designated for vehicles; Motorcycles may not block vehicle or pedestrian traffic, or park on any sidewalk or in any other prohibited area. Motorcycles must fully comply with these Rules. Bicycles must be parked in appropriate racks designated for such purposes.

(g) Oversized Vehicles. Oversized vehicles in Owner's discretion including, without limitation, campers, vans, pick-up trucks, buses or any vehicle which has been modified to increase its size and height may be parked in the Parking Facility only if space expressly for oversized vehicles is available. OWNER WILL HAVE NO OBLIGATION TO PROVIDE PARKING FOR OVERSIZED VEHICLES IF THE THEN EXISTING OVERSIZED VEHICLE PARKING AREAS ARE FULL OR IF AVAILABLE PARKING AREAS ARE NOT APPROPRIATE FOR THE OVERSIZED VEHICLES IN QUESTION. All Authorized Parkers are cautioned to check clearances in the Parking Facility before entering. Owner will not be responsible for any damage to any vehicle caused by the vehicle's failure to fit within the existing clearance and size of the Parking Facility. The vehicle owner or operator will be responsible for any damage to the Parking Facility caused by an oversized vehicle that does not fit within the existing clearances and size of the Parking Facility. Any oversized vehicle which may, in the judgment of Owner or Parking Services Coordinator, cause damage to the Parking Facility will be denied access, without liability to the Owner or any other person or entity.

(h) Vehicle Repair. With the exception of lock outs, flat tires and dead batteries, no repairs on any vehicle will be performed in the Parking Facility. Vehicles in need of repair must be removed from the Parking Facility to an appropriate repair location. Minor repairs to non-operable vehicles to render them operable must be approved through the Parking Services Coordinator prior to performance of the work. The owner or operator of a non-operable vehicle requiring towing will be

solely responsible for making any necessary arrangements with a towing service to have the vehicle removed. Parking Services Coordinator must be notified before having the vehicle towed. The Parking Facility will not be used for washing, waxing, cleaning or servicing of any vehicle.

(i) Improper Use of Vehicles. Vehicles parked within the Parking Facility may not be used as living quarters on an overnight or other temporary basis. Children or animals may not be left unattended in vehicles.

(j) Abandoned Vehicles/Vehicle Storage. Any vehicle parked in the Parking Facility without being moved for a period of ten (10) days will be considered abandoned, whether or not the owner or operator of the vehicle is an Authorized Parker. Vehicles may not be stored in the Parking Facility.

(k) Destruction of Property. Any person who damages any property in a Parking Facility (e.g. removing signs), whether willfully or by accident, will be held financially responsible for repairs to, or replacement, of such property.

(l) Parking and Use Instructions. The owners and operators of all vehicles using the Parking Facility will follow instructions from any authorized employee of Owner and Parking Services Coordinator as to the parking of all vehicles, the use of the Parking Facility and adherence to these Rules. Such employees are not authorized to make or allow any exceptions to these Rules.

7. Dangerous Situations. No parked vehicle will be permitted to create a dangerous situation (e.g. leaking gasoline or oil, fire, and parking too close to electrical equipment) as determined by Owner or Parking Services Coordinator. If the vehicle owner or operator is an Authorized Parker, a reasonable attempt will be made to contact this person in order to allow him or her to remove the vehicle, unless, in the sole judgment of Owner, an emergency situation exists.

8. Parking Facility Repairs and Closure. Owner reserves the right to close all or any portion of the Parking Facility (a) in order to make repairs or perform maintenance services, or to alter, modify, restripe or renovate the Parking Facility, or (b) if required by casualty, strike, condemnation, act of God, governmental law or requirement or other reason beyond Owner's reasonable control.

9. Liability.

(a) Denial of Access. Subject to Paragraph 8 of these Rules, if an Authorized Parker who has complied fully with these Rules is denied access to the Parking Facility without cause, Owner's liability will be limited to reimbursement of such parking charges as may have been paid in advance to Owner for the period of time during which the Authorized Parker was denied access.

(b) Disclaimer of Liability. NEITHER OWNER NOR PARKING SERVICES COORDINATOR WILL BE LIABLE TO THE AUTHORIZED PARKERS OR TO ANY OTHER PERSON FOR (i) ANY INJURY TO PERSON OR PROPERTY ARISING FROM OR OUT OF ANY OCCURRENCE IN, UPON, AT, OR RELATING TO THE PARKING FACILITY OR ANY PART THEREOF OR ANY LOSS OR DAMAGE TO A VEHICLE OR OTHER PROPERTY (INCLUDING LOSS OF USE THEREOF) OF ANY AUTHORIZED PARKER OR OF ANY OTHER PERSON FROM ANY CAUSE WHATSOEVER, WHETHER OR NOT SUCH INJURY, LOSS OR DAMAGE RESULTS FROM ANY FAULT, DEFAULT, NEGLIGENCE, ACT OR OMISSION OF OPERATOR OR OWNER, OR THEIR AGENTS, SERVANTS, EMPLOYEES, OR ANY OTHER PERSON FOR WHOM OPERATOR OR OWNER IS LEGALLY RESPONSIBLE, (ii) ANY INJURY, LOSS, OR DAMAGE CAUSED BY OTHER TENANTS, AUTHORIZED PARKERS, VISITORS, DRIVERS, VEHICLE OPERATORS OR ANY PERSON IN THE PARKING FACILITY, INCLUDING, BUT NOT LIMITED TO, UNINVITED GUESTS, TRESPASSERS, OCCUPANTS OF ADJOINING PROPERTY OR BY ANY MEMBER OF THE

PUBLIC, OR BY CONSTRUCTION OR RENOVATION OR BY ANY PRIVATE, PUBLIC OR QUASI PUBLIC WORK OR BY INTERRUPTION, CESSATION OR FAILURE OF ANY PUBLIC OR OTHER UTILITY SERVICE IN THE PARKING FACILITY, AND (iii) ANY INJURY TO ANY PERSON UTILIZING THE PARKING FACILITY CAUSED BY OWNER OR PARKING SERVICES COORDINATOR'S EXERCISE OF ANY RIGHT OR REMEDY THAT OWNER OR PARKING SERVICES COORDINATOR MAY HAVE UNDER THESE RULES, OPERATION OF THE PARKING FACILITY, OR ANY MEASURES TAKEN IN AN EMERGENCY.

10. Violations and Regulations

(a) Violations. Owner will have the absolute authority to issue to the owner or operator of any vehicle which is in violation of these Rules a notice of violation. Persons issued notices of violation of these Rules three (3) or more times in any month or five (5) or more times in any twelve (12) month period may have their parking privileges indefinitely suspended or canceled and are subject to having their vehicles towed without further warning.

(b) Unauthorized Access. UNAUTHORIZED VEHICLES MAY BE TOWED WITHOUT WARNING. ALL AUTHORIZED PARKERS INVOLVED IN UNAUTHORIZED PARTIES' USE OF ACCESS INSTRUMENTS WILL HAVE THEIR PARKING PRIVILEGES CANCELED. ENTERING OR USING THE PARKING FACILITY WITHOUT PAYING FOR PARKING OR BY USING A BORROWED, LOST OR STOLEN ACCESS INSTRUMENT MAY CONSTITUTE A CRIME UNDER STATE LAW PUNISHABLE BY FINES AND/OR IMPRISONMENT.

(c) Towing. OWNER WILL HAVE THE RIGHT, WITHOUT FURTHER NOTICE, TO HAVE ANY VEHICLE TOWED FROM THE PARKING FACILITY WHOSE OWNER OR OPERATOR VIOLATES SECTION 2, 3, 5, 6, 7, 10(a) OR 10(b) OF THESE RULES.

(d) Towing Expenses. All costs and expenses relating to the towing of any vehicle resulting from a violation of these Rules will be the sole responsibility and expense of the vehicle owner and/or operator. In addition, Owner and Parking Services Coordinator will not be responsible for any loss or damage to any vehicle, or any personal property contained therein, caused by the towing or storing of any vehicle.
